The River Rose Two Feet
Last Night.

People on the Lowlands Beginning
To Hustle.

The rivers continue to rise here,
and last night the Ohio rose 2.3 feet
on the gauge here. Those living on
the lowlands, or having stock or
property there, are becoming alarmed,
and moving to places of safety. The
continuous rains have not served to
decrease their anxiety, needless to
say, and they are making efforts to
remove everything to a place of safety.

Owen Bros. today put on about
thirty teams to haul corn from the
crib on the opposite bank of the
river, to the ferry boat, and after being
landed on this side, to their store
houses here. There are yet 3,000
bushels to haul. The work of trans-
porting the corn began several days
ago, but today extra teams were
put on.

There are 20,000 bushels or more
on the island, but that storehouse is
above the danger line, it is thought,
and there is nothing to fear.

WORK ON THE CRADLE.

Many Section Men Assisting in
It Today.

Supt. O. T. Travis, of bridges on
the Illinois Central, arrived this
morning to superintend the work of
raising the other big cradle at the in-
cline. Today two or three crews of
section laborers have been at work,
but have not succeeded in raising the
heavy cradle, which is some distance
out. The cradle replaced yesterday
was near the incline.

orchestra will appear at Morton's

good music should not fail to hear
them tonight. Seats can be secured

Orient will meet at the K. of P. hall
this evening at 8 o'clock for initiation.

will take notice and govern them-
selves accordingly. By order of the

CONGRESSMAN WHEELER

Will Vote For No One But a
Straight-Out Silverite. A
Hot Contest Now Be-
ing Waged.

St. Louis is After Six of Louis-
ville's Best Baseball Play-
ers. Other Late
News.

Washington, Jan. 15.—A hot con-
test is now on for the chairmanship
of the democratic congressional com-
mittee. Hon. C. K. Wheeler, the
Kentucky member, positively refuses
to vote for Faulkner, who is the can-
didate of the conservative element,
and says he will vote for no one but
a straight-out silverite.

Wines at the White House.

Washington, Jan. 15.—(Special to
Louisville Post)—President and Mrs.
McKinley will not allow their temper-
ance views to prevail at state din-
ners. At their private table and at
informal dinners they never permit
any wines to be served. At all state
affairs, however, the usual liquors
will be served, just as though the
president had no predilection against
liquors. It was feared that he would
follow the custom that prevailed at
the White House during the adminis-
tration of President Hayes, or as it
has been termed, the administration
of Mrs. Hayes. It was after President
Hayes' first diplomatic dinner that the
French Minister gave a description of
it, and General Beverley Robertson, one
of the boni vivants of the capital,
meeting the French Minister at the
Metropolitan club the morning
after the dinner, asked:
"Well, how was the dinner, last
night?" "Ah, most beautiful," said
the French Minister. "A credit to this
great country, exquisite flowers, beau-
tiful china, plenty to eat and water
dressed like champagne." It is to
avoid such comments as this that
President McKinley has wisely de-
cided to forego his predilection and
permit the use of wines at state dinners.

White Will Accept.

Washington, Jan. 15.—White, the
negro from Kentucky, will accept
the African mission, which is Sierra
Leone.

After Louisville's Best Men.

Louisville, Ky., Jan. 15.—It is
said that Von der Ahe the St. Louis,
base ball magnate is here after Louis-
ville's best players. He wants six of
them.

Kentucky Fruit Company.

Louisville, Ky., Jan. 15.—The
directors of the Kentucky Fruit Co.
today decided that the bank should
assign. This company is one of the
largest financial institutions in the
South, and was wrecked by its vice
president and manager.

ALIVE BUT VERY LOW.

No Change in Judge Thomas H.
Hines' Condition Since
Thursday.

Frankfort, Ky., Jan. 15.—Judge
Thomas H. Hines is still alive. His
condition is about the same as it was
yesterday. He is very low and death
is expected at almost any moment,
though he may possibly last for a day
or two longer.

A Social Reform.

New York, Jan. 15.—Two social
reform organizations in this city are
preparing for a legislative campaign
against some of the evils of impris-
onment for debt. Hundreds of persons
are lodged in Ludlow street jail every
year because of trifling sums due to
installment dealers. It is quite prob-
able that many of these arrests are
irregular and that the law is invoked
only as an instrument of oppression
by East side installment dealers.

Senator Deboe's Bill.

Washington, Jan. 15.—Senator
Deboe yesterday introduced in the
senate today a bill to carry out the
findings of the court of claims and
pay to James H. Dennis \$25,638
due him for contract work on Ten-
nessee river.

By Popular Vote.

Frankfort, Ky., Jan. 15.—A re-
solution that United States senators
be elected by a vote of the people
directly was presented in the House
today and declared out of order.

All Quiet at Havana.

Washington, Jan. 15.—The latest
advice from Havana are that all is
quiet and no further outbreaks or
trouble is expected.

TO FIX CONVENTION DATE.

Populists Will Take a Referen-
dum Vote of the Members
of the Party.

St. Louis, Jan. 15.—The Populists
concluded their work in this city
yesterday by giving out the details
for setting in motion their novel plan
of taking a referendum vote of the
rank and file of their party. The
questions submitted are: "What
date is your choice for holding a na-
tional convention for the nomination
of presidential candidates, Monday,
July 4, 1898; Friday, May 26, 1899,
or Thursday, February 22, 1900?"

NEWS NOTES.

Albert S. White, the Louisville
negro, can be Consul at Sierra Leone
if he desires.

The grand jury at Pineville re-
turned 111 indictments, charging vi-
olations of the liquor law.

It is reported that the coal miners
of Jackson county, Ohio, will go on
a strike today or Monday.

The Hessian fly is said to be in-
juring the wheat in some parts of
Davies county to a considerable ex-
tent.

Cotton mules are being shipped
south from Kentucky, and mules are
bringing better prices this winter.

It is likely that a bill will be in-
troduced in the present legislature plac-
ing McCracken county among those
wherein baseball may be played on
Sunday.

The Owensboro Inquirer says the
people of that city will stand by the
Marsden Cellulose Works "no matter
how many quarrels the Financial
News and the promoters may get
into."

Mike Smith, of Barren county,
accidentally shot himself in the right
arm some time ago while hunting in
the Stringtown neighborhood, and as
a result he suffered an amputation of
the member.

Counterfeiting a silver dollar by
the use of more silver than the gen-
uine dollar contains is something of
a reflection upon the white metal. No
attempt has ever been made to manu-
facture a gold coin by using more
than the lawful quantity of material.
This may account in some degree for
the preponderance of gold bugs in
the most enlightened nations of the
earth.

This session of Congress may or
may not be a long one, but it seems
safe to predict that Hawaii will be
American territory before it ends.
Undoubtedly the annexation project
is stronger now than it was a month
ago, when Congress convened. The
land-grabbing in China, and the dis-
position of Germany and some of the
other European countries to pick up
all the territory not appropriated by
some other powerful nation, has raised
up many new friends for Ha-
waiian annexation.

PAUPERS LANDED.

Mayor Lang Made a Firm Request
Which Was Granted.

Last night two women, a young
man and a child were put off at the
wharf boat by the Joe Fowler. They
were penniless, and this morning
made application to Mayor Lang for
transportation to Cairo. They
claimed they were taken up at Mt.
Vernon, Ind., last night and brought
to Paducah free of charge and put
off here. Cairo is their home, and
they desire to get there as quickly as
possible. They were dirty, ragged
and destitute, and when Mayor Lang
learned the above facts, he sent an
officer down to request the packet
company to take care of the indigents
until Monday, and then carry them
to Cairo. In case the company did
not desire to do this, the mayor not-
ified them that warrants would be
issued against them for landing pau-
pers here, the least penalty being
\$50 for each pauper.

The company readily agreed to see
that the people are well treated.
The people were no doubt brought
here solely through the kindness of
the captain. They have
begged their way from above Evans-
ville.

LOCKUP DELIVERY.

Robert Matthews, Colored, Got
Out a Hole.

Left the Hole, Which Was Today
Closed Up.

Robt. Matthews is the name of a
negro tramp placed in the lockup a
day or two ago for vagrancy. He
last night succeeded in making his
escape out of the hole in the wall
through which two others got away
not long since.

This morning Lockup Keeper Men-
tefe had the aperture securely closed,
and does not anticipate any more
escapes, especially at that particular
place.

The prisoner who escaped demon-
strated double ingratitude, as he was
without shoes, shirt and other ap-
parel, and the city fitted him out new.
He then escaped and took the clothes
with him.

WANT FREE DELIVERY.

People of Rowlandtown Begin
to Complain.

Mayor Lang is Looking After
The Matter.

The residents of Rowlandtown have
been loudly complaining to Mayor
Lang for free delivery mail service.
They claim they live within the
corporate limits of the city, pay
taxes and are entitled to the advan-
tages of the free delivery system, but
are nevertheless compelled to come to
come to the postoffice after their mail.

Mayor Lang consulted Postmaster
Clark about it, and the latter in-
formed him that the delivery sys-
tem did not have to be enforced
wherever there were no paved or
macadamized streets. Mayor Lang
will make an effort, however, to se-
cure for Rowlandtown the desired
mail facilities.

AGED LADY DEAD.

Wife of a Once Prominent Legis-
lator.

Mrs. W. W. Worrell, aged about
75 years, died last night of old age,
in the second story of a house on
East Court street, occupied by her
daughter, Mrs. Sivils.

The deceased was the wife of a
once prominent resident of Graves
county. He was a well known Primitive
Baptist preacher, and was at
one time a member of the legislature
from that county.

It has not been decided what dis-
position will be made of the remains.
A subscription is being taken this
afternoon to defray burial expenses.

KURTZ MAY BE EXPELLED.

National Committeemen Disgust-
ed With the Ohio
Member.

Washington, D. C., Jan. 15.—
One of the results of the recent sen-
atorial election in Ohio will probably
be the retirement from the republican
national committee of Charles L.
Kurtz, the member from Ohio. Several
members of the committee are
now in Washington, and while no
concerted action has been taken in
the matter, it is known that the
opinion of the committee is unani-
mous in favor of expelling the Ohio
member, and correspondence is now
in progress looking to this action.
The sentiment against and the course
he pursued in antagonism to Senator
Hanna, who is also the chairman of
the republican national committee, is
one of intense anger, seasoned with a
great deal of disgust, and the ques-
tion of the right of the committee to
expel a member, which has already
been raised, is not deemed worthy of
consideration in connection with the
punishment of the Ohio member.

TWO KENTUCKY BOYS

Among Thirty-Nine West Point
Cadets Dropped.

West Point, N. Y., Jan. 15.—As
a result of January examination thir-
ty-nine cadets at the military acad-
emy were found deficient by the Aca-
demic board and discharged. Two
are Kentuckians, namely, William
P. Simmons, at large, and Joseph F.
Taulbee, member of the fourth class.

Four others from the third class
were turned back to join the fourth
class. In most instances the defici-
encies were in mathematics. This is
the largest number of discharges fol-
lowing a January examination for sev-
eral years. The third class is now
composed of seventy-four men and
the fourth of ninety-nine. It is
quite probable there will be another
trimming out at the June examina-
tion.

Frank E. Davis, at large, from In-
diana, was also among the unlucky
ones.

REPORTER SUES KID MCCOY.

The Plaintiff Got Judgment and
the Pupilist Appealed.

Cincinnati, O., Jan. 15.—Kid Mc-
Coy was brought here from Indian-
apolis yesterday to face a suit
brought by Harry Shafer, a Cincin-
nati reporter, who sued McCoy for
\$278. Shafer was McCoy's man-
ager in a Dayton fight and later at
the Syracuse fight. McCoy agreed
to give Shafer 5 per cent. of his
share of the gate receipts. At Syra-
cuse Shafer turned over \$2,100 to
McCoy as his share. Shafer testified
that McCoy owed him \$278 in com-
missions and expenses. McCoy de-
nied it. Magistrate Kushman de-
cided in favor of Shafer and McCoy
appealed.

AN UNPLEASANT FALL.

A Young Lady Clerk Falls Into a
Flooded Gutter.

Miss Hattie Cud, a clerk at Har-
bour's, while going home last even-
ing soon after the heavy downpour of
rain had flooded the gutters and
half the pavements, walked off the
curbing in front of Soule's drug
store and was badly drenched, owing
to the depth of the water, and the
manner in which she fell.

A small boy rushed to the young
lady's rescue, but she succeeded in
getting out without assistance.
You will enjoy yourself if you go
to the Richmond House bar tonight
and participate in the Macaroni
lunch.

BLANCH

IS LOCATED

Field Rapist Reported
Hickliffe According to
Late Reports, Now
at Hinkleville.

In Enraged Citizens Have
Looking for Him
Two Days—Will be
Up to Mayfield.

Reported this afternoon
that the Mayfield rapist, who was
near Wickliffe, had been located near
Hickliffe, near Oger's Landing last
night, he will be carried back
to once.

The above report was denied,
and the latest rumor was that Blanch
had been located near Hickliffe, in
the same county, ten miles from
Wickliffe.

HOW MAYOR LANG

Got the Pantry Boy a Pass to Cin-
cinnati.

Charles Staud, who has been pan-
try boy on the steamer Nisbet, ap-
plied to Mayor Lang this morning for
a pass to Cincinnati.

He is 15 years old and a fairly
good looking white boy. He claimed
the steward shipped him at Cincin-
nati and carried him to Memphis,
and back as far as Paducah, where
he was put off without a penny.
Mayor Lang wrote the captain a
note, stating that he supposed the
latter was unaware of the \$50 pen-
alty against landing paupers here,
advised him to carry the boy on to
Cincinnati. The boy was reshipped.

MISSING PLANS.

Stolen from the New School
Building.

Part of the plans of the new Broad-
way school building were stolen from
a chest at the building a night or two
since. They were in possession of
Conductor Al Hymarsh, and it is
thought it will take about four weeks
to duplicate them.

A PAUPER

In Every Way Is Bery Said
to Be.

Information That He has Run
Through With His Legacy.

It is now claimed on good author-
ity that "Millionaire Tramp" Berry
now at the New Richmond hotel, is
not only penniless, but has no estate.

It is said that he had run through
with all left him as a share of his
father's estate before he left Mt.
Nelson, Ill., some time ago except
\$500 and a diamond pin. These he
had pretty well disposed of before he
came to Paducah.

The above information was re-
ceived here in the form of a letter
from a resident of Mt. Vernon, his
old home.

SEVERE FALL.

A Union Depot Yard Man Pain-
fully Hurt.

Mr. N. W. Blackburn, foreman of
engine No. 191, met with a serious
accident about 5 o'clock last even-
ing on the Illinois Central incline.

He had been at work on the cra-
dle, and slipped, falling heavily. One
leg was badly lacerated and
swollen, it not dislocated, and Mr.
Blackburn had to be carried to the
railroad hospital, where his injuries
were dressed.

Mr. Blackburn came here only re-
cently from Ohio and went to work
in the Union depot yards.

PHOENIX-LIKE

The Rehkopf Collar Factory Rises Again.

Work Today Begun In The Cutting Department.

In a phenomenally short time one department of the Rehkopf collar factory has been rebuilt, and work began in it today.

This is the cutting and sewing department, and this morning a force of workmen began in the newly constructed room.
Work has begun on the other building, and it is thought that by next Saturday the building will have been completed, and work will begin in it, also, the entire force then resuming work.

LA BELLE PARK

To Have a New Theatre This Season.

The Lake Being Doubled In Area—Other Improvements.

The Paducah Street Railway company has decided to rebuild its theater in LaBelle park, and make it a spacious, convenient, and up-to-date play house in every particular.
Work will likely begin in a few weeks. Mr. Sam Stewart, who has had charge of LaBelle park for several seasons past, will continue as keeper of La Belle, but the management of the theatre has not been settled.

Mr. Stewart has begun enlarging the lake in the northeast corner of the park, and by spring it will be extended from its old margin to the Backer road. The necessary levees are now in course of construction, and will soon be finished, doubly increasing the area of the lake.

NINETEEN OUT

The Number of Lights That Didn't Burn.

New Quality of Carbon Tested Last Night.

Last night a new kind of carbon was tested in the electric lights, but judging from results, it is inferior to the kind heretofore used.
The "light book" in the marshal's office showed that nineteen lamps in various parts of the city were last night out for more or less time.

There has for sometime been some difficulty in the use of carbon, the carbon sticks are equal to all requirements, but many of them are now exhausted before 6 o'clock.

Incandescent lamp globes suitable for system for sale at McPherson's Drug store.

SOON SUCCEMBED.

Death of Mrs. Albright at the City Hospital.

Mrs. Albert Albright, who came down the Ohio with her husband on a shanty boat, and was found in a critical condition on the boat day yesterday and on the boat day yesterday, died this morning of dropsy at that institution. She had been ill for some time, and the boat was in a sinking condition when she was discovered. Her husband was busily engaged trying to keep the boat from sinking.
The remains of the deceased will be interred in potter's field.

WEST END FLOODED.

The Street Inspector Sent to Drain the Water.

As a result of last night's rains, a large area of streets, sidewalks, vacant lots and residence yards were submerged this morning.

Mayor Lang sent Street Inspector Utterback out, and found that the occasion of the inundation was some obstruction in the drainage pipe near Jefferson street and Fountain square. He had it cleaned out, revealing hoop skirts, barrel hoops, and tinware, grass, planks, and other things. The water is now about gone.

WEIR THINGS IN THE MAIL.

Revelations Made by the Man Who Handles Unstamped Matter.
The man in the general delivery window, when he had asked for a letter for a main man, had made a mysterious "X" to a muscular individual who had the shelling peanuts on a nearby bench and who told the owner of the letter that he was under arrest. The latter had protested and made threats for the "outrage," but had accompanied the man with a detective's star under his coat. The spectators had become excited, but the general delivery man had assured him that it was the regular way of catching criminals, and was evidently much more interested in the actions of the man who handled letters that are received unstamped.

"What is it now, Tom?"
"Horse lung," snarled the clerk, who was working on the list of the "mischellaneous list," having entered the record of "bicycle parts." "Had a lot of stuff in the Ca," he added; "cuff buttons, clocks, compass, crosscase and a curling iron. But here is a man who is mailing the same of a horse lung. I know what it is, because I attended the autopsy of father's old gray mare during my boyhood."

"I had a canary bird yesterday with a plaintive note from a mother to her little son Rufus, telling him 'poor Billie died on the train. Bury him in the back yard.' The postage was omitted, but I forwarded it c. o. d., and this morning it was returned. Rufus dear was 'not going to monkey with the old thing.'"

"The and turtles, minnows, hornets, bees and ammunition that come through here would stock a museum, but aside from a box containing some cartridges that exploded in the canceling machine we have had no infernal machines worse than the big black machine that was en route to a girl."

EDITOR WAS NOT SCARED.

Escorted Himself From Under His Desk and His Visitor Quailed.

Col. James Plum, who used to edit a little daily paper in one of the western Pennsylvania oil towns, always had a habit of sitting in such a way as to allow a large majority of himself to remain in the room to a girl. "I was one of the most fearless men, too, that ever grasped a pen, and people who knew him generally contented themselves with merely 'considering the source' when it pleased him to write uncompromising paragraphs concerning them."

But one day a new driller came to town and celebrated his advent by getting drunk, which was common enough, but distasteful to Col. Plum. So the latter wrote a half-column article, in which he held Bill McGee, the new-comer, up to public scorn.

Magge, by the way, had been preceded by his reputation as an all-around bully, and people who read Col. Plum's remarks about him began gathering in the vicinity of the office of the Daily Force Pump as soon as the paper containing the article had been read, for it was generally understood that there would be some excitement as soon as Magge got sober enough to understand the situation.

Along late in the afternoon the driller was seen approaching the newspaper office, and the crowd immediately began to "close in."

Col. Plum was busy at his desk, in a little room that opened upon the street. He sat almost upon his shoulder-blades and appeared to be wholly unprepared for a call of the kind he was about to receive.

Magge didn't stop to knock, but walked right into the sanctum. Holding out the paper containing the references to himself, he fiercely asked: "Are you the editor of this sheet?"

Col. Plum picked his teeth with his penholder and nodded in the affirmative.

"Did you write this here article about me? My name's Magge!"

The colonel slowly uncoiled himself and rose up as if he had been a mechanical contrivance of some kind, made to be longed out after the manner of a telescope. When he had attained his full height the top of his head was six feet three inches above the floor.

He weighed 230 pounds, being largely made up of bone and muscle.

After he had taken a careful survey of his caller he replied:

"Yes, I wrote the article and I expect to have another in the paper about you to-morrow."

"Well," said Magge, "I'd like to have you put me down for a year's subscription."

He then paid the price and walked out; but in spite of the fact that he was a pretty decent sort of a citizen when sober he never really succeeded in winning the respect of the people of that town.—Cleveland Leader.

THE THREE RIVERS.

Items of Interest Gathered From the River Front for the Sun Readers.

The Dick Fowler was out for Cairo as usual this morning doing nice business.

The tug Ida will likely be taken out on the dry docks next week to undergo some slight repairs.

The City of Clarksville cleared today at noon for Elizabethtown doing good freight business.

The towboat Wash Henshell is still due here from Cincinnati. She has a big mixed tow of barges.

The W. F. Nisbet, from Memphis, enroute to Cincinnati, passed up this morning with a big up stream trip.

The Clyde leaves this afternoon for Florence, Ala. She is expected to sail with a heavy cargo as usual.

The steamer Tennessee is due here today from Evansville enroute up the Cumberland river to Nashville. She had not arrived at noon.

The United States snag boat C. R. Suter is receiving a new coat of paint and otherwise being put in shape for her debut in the spring. She has been moved down from above the coal tipple to Farley's landing.

The river rose here last night two feet and three tenths, making the gauges register this morning twenty-four feet and three tenths. There was a large amount of freight handled on the levee to the packets this morning, there being a large arrival and departure list. Several of the packets that were due had not put in their appearance at a late hour this forenoon.

The big Pittsburg tow boat Defender, which passed down Thursday afternoon late, with a big tow of coal numbering twenty-nine pieces, enroute south, struck the bridge at Cairo yesterday, sinking four coal boats loaded with fine Pittsburg coal. This makes the second mishap which has befallen her since she left Louisville a few days ago. She had a collision with the New South below Cloverport and the result was that a coal boat containing 25,000 bushels and a fuel flat with 7,000 bushels was sunk in 14 feet of water.

Traffic is booming in the towboat circle at the present and all the towboats are out hustling around doing considerable business, and those that have been tied up here for several months are now stemming the strong current of the various rivers with big tows of barges enroute after ties.

The harbor was a scene of activity this morning as the big "pushers" were making up their tow, bound different destinations. Some of the towboats that were out of this port this morning were the Jacob Heatherington, bound for the Mississippi river with a miscellaneous tow of barges; Polar Wave departed for Tennessee river after a tow of ties; the Charlotte Boeckler went up the Cumberland river to bring out a tow of crossties; the City of Chattanooga which is assisting the transfer steamer Marion replace the cradles at the lower incline was up after coal and returned. The harbor boat Mary N., Fred Willis, tug Ida and the Leyhe fleet little tug Echo made themselves quite conspicuous around the landing.

The anti-department-store movement is spreading to the secret societies.
